Freedom Summits
8 December 2015 ·

Hi Everyone,
AB and I will be in Sydney and Melbourne this week, so if you're keen to catch up for a cuppa and a chat, just PM me and we'll make a time and place.
We're sharing more about the opportunity to use your Super ethically, that's right....you DO have the choice as to where your Super is invested.
So, if you're against coal seam gas, destructive mining, the incredible banking scams, then you might be horrified to know that if your Super is in a standard industry type of fund, they are the industries you are supporting.
We will also be happy to meet people who might be interested in the Intentional Community at Bhula Bhula.
Exciting news.....we are now looking for other amazing land parcels to establish other similar Intentional Communities around Australia.
Come and say hi.....

Hi **Freedom Vivian**, it's a Unit Trust, but a different structure with many protections. We go through it in detail at the appropriate time.

Hi Makensi Caldwell, well done. That is what many of the people we know are doing....setting up a SMSF and making conscious decisions about where it goes. We have some exciting projects for SMSF's to invest into

Many of you that have been following this page and/or have attended a Freedom Summit in the past will know of the amazing and tireless work of Ian R Crane.
Ian came out and spoke at one of our Summits in Australia years ago.
He has done his very best to wake people up about Fracking (and many other areas).
He is crook at the moment and so if you have the capacity to assist, I'm sure it would be greatly appreciated.
